NBE 3000

DEEP SKIN

- ★ Safe, scientifically based concept for skin improvement, skin firming and skin rejuvenation.
- ★ The Nannic treatments guarantee immediate visible and long-lasting results and can be used for every skin appearance and skin problem.
- ★ The Nannic NBE concept is successfully applied worldwide by accredited cosmetologists and skin therapists.
- ★ Nannic treatments are suitable for all skin types. Among other things, Nannic NBE stimulates the production of collagen and elastin, it strengthens the connective tissue and stimulates the supply of oxygen-rich blood as well as the removal of cellular waste. This results in visible skin improvement. Repeated treatments allow for longer lasting results.
- ★ The Award-winning Nannic skincare concept is designed in such a way that you can build on the results of your professional treatment in the comfort of your home with specifically developed products for home use.

NANNIC NBE 3000

Scientifically based concept for **skin improvement, skin rejuvenation and skin firming**. Are you looking for a painless, safe treatment for smooth, young, firm skin and a tight jawline? It may seem impossible, but Nannic achieved a revolutionary breakthrough in the fight against skin ageing by developing Nannic NBE 3000.

NANNIC BEAUTIFYING ENERGY

NANNIC NBE 3000, the most multifunctional device for your institute.

Nannic NBE 3000 allows you to combine manual and automatic treatments, by using face and body treatments simultaneously with an automatic detox for even better and faster results. This scientifically supported concept provides safe, effective treatments for every skin type and skin appearance.

How does it work?

Our body is made up of billions of rechargeable batteries, namely our cells.

Nannic NBE 3000 provides energy to the cells to recharge them, leading to an overall improvement in skin metabolism.

NANNIC NBE 3000 works on the 3 skin layers:

Epidermis: enhances signal function in the keratinocytes. This promotes the immune system as well as cell division in the basal cell layer.

Dermis: the functioning of the fibroblasts is activated. This results in an increased production of collagen, elastin and hyaluron.

Subcutis: supports the lipolysis effect of the fat cells.

Nannic NBE 3000 uses capacitive radio frequency (1 MHz), specially developed for non-invasive, safe treatments for skin improvement and skin rejuvenation. Combined with an automatic detox, this ensures even better and faster results. The NANNIC NBE treatments are used only by certified, trained beauticians.

NANNIC NBE 3000 FACIAL TREATMENT

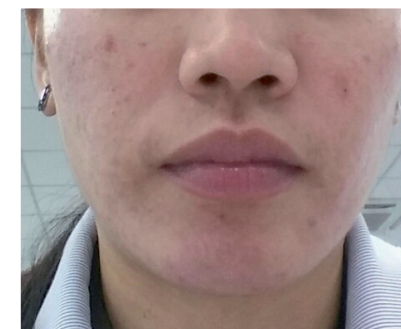

A NBE treatment always starts with a thorough cleansing of the skin (and, if necessary, a prior Deep Skin treatment). The face is then treated using capacitive energy transfer in combination with active Nannic serums. The beautician selects specialised serums based on the desired result, skin type and skin problem. The NBE 3000 pulsating electromagnetic waves easily penetrate into the deeper layers of the skin, the fatty tissue and the underlying muscles, without damaging the epidermis. The treatment is concluded with a purifying peel-off alginate mask that closes the pores, refreshes the skin's surface and allows the active ingredients to take further effect. The Nannic NBE treatments are suitable for all skin types. Daily use of the Nannic home use products enhances the result of the treatment. Recommend a tailor-made Nannic home care routine to your client to maintain that beautiful, radiant post-treatment glow.

- Firms the skin
- Reduces wrinkles
- Accentuates facial contours
- Reduces pores
- Improves connective tissue
- Provides an immediate lifting effect
- Stimulates the production of collagen, elastin and proteoglycans
- Improves elasticity
- Reduces bags and dark circles under the eyes
- Reduces the double chin
- Positively acts on acne, redness and hyperpigmentation

NANNIC NBE 3000 BODY TREATMENT

A relaxing treatment that combines electromagnetic energy with heat and specially developed Nannic serums. The active ingredients are absorbed deep into the skin for efficient energy supply to the cells. This tightens the skin and stimulates cell division.

It is a safe and effective treatment that is individually adapted to each skin type and desired result. This groundbreaking method for skin rejuvenation provides an immediate visible effect and a long-term improvement in skin structure and body contours.

- Regulates moisture balance
- Reduces the appearance of stretch marks and scars
- Mitigates cellulite
- Tightens the skin
- Strengthens muscle tissue
- Reduces free radicals
- Improves blood circulation
- Stimulates the natural processes of the skin
- Improves structure of the connective tissue
- Drains the lymphatic system

NANNIC **NBE 3000** MASSAGE TREATMENT

It is a beneficial treatment that combines heat from electromagnetic energy with a highly innovative massage complex. The complex contains a patented peptide that promotes skin renewal and has strong anti-ageing and skin-soothing properties. The NBE 3000 massage technique is exceptionally soothing and detoxifying. When combining manual massage and Nannic NBE 3000, we improve the circulation of the lymphatic system. A lymphatic drainage is the perfect anti-ageing treatment and also a great way to boost your skin and body. Currently highly sought after by celebrities and top models.

- Works in depth
- Improves oxygen uptake in the cells
- Increases blood circulation
- Improves elimination of body waste
- Supports the body's own healing process
- Promotes lymph flow
- Stimulates collagen production

THE UNIQUE NANNIC NBE INSULATED HANDHELD DEVICES

The ergonomic bipolar and monopolar handheld devices and the patented capacitive monopolar plate electrodes make NBE treatments safe and comfortable to perform.

The application tools are used for both body and facial treatments and are unique in the market. Both design and technology are based on extensive scientific studies for your and your customers' safety.

The Nannic NBE 3000 device has 3 different treatment circuits that can be used simultaneously. This translates into even faster and even more powerful results.

BIPOLAR HANDHELD DEVICE FOR **SENSITIVE SKIN**

- The bipolar handheld device applies superficial heating to the skin
- Ideal for facial treatments
- Suitable for thin, sensitive and rosacea skin

MONOPOLAR HANDHELD DEVICE FOR **MAXIMUM EFFECT**

- The monopolar handheld device works in the deeper layers of the dermis and the fatty tissue in the hypodermis
- Large and small monopolar handheld device combined with passive plate electrode
- For body and facial treatments
- Provides fast results on larger treatment areas

ACTIVE AND PASSIVE PLATE ELECTRODES FOR **AUTOMATED TREATMENTS**

- These patented capacitive 'monopolar plate electrodes' can transfer a maximum of energy to a larger surface area from a greater distance. Thus, the lymph is optimally stimulated. In addition, it can be combined with a facial or body treatment in another area. This creates a sequence of powerful positive effects.
- The automatic lymphatic drainage enhances the results of all facial and body treatments
- Can also be used to warm up tissue during manual body treatments

NANNIC

NBE ACTIVE TREATMENT SERUM

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

NANNIC NBE **LIFTING** 100ml • 150ml

NBE Lifting stimulates the generation of new collagen, elastin and glucosaminoglycans. Redefines the contours of the face, tightens sagging skin, creates a tighter jawline, restores the moisture balance of the skin, reduces fine lines and wrinkles, and has a lifting effect.

NANNIC NBE **REDNESS** 100ml

NBE Redness restores the cellular matrix (network surrounding the vein) which visibly reduces redness. It is anti-inflammatory, protects the Fibroblast growth factor β and increases the synthesis of collagen, elastin and endogenous glycosaminoglycans. NBE Redness also acts very effectively on dark circles and bags under the eyes

NANNIC NBE **FLACCID SKIN** 100ml • 150ml

NBE Flaccid Skin tightens the skin, improves the skin's moisture balance and stimulates cell renewal and the generation of collagen and elastin. It is a strong antioxidant for hydrophilic and lipophilic targets.

NANNIC NBE **CELLULITE** 150ml

NBE Cellulite reduces both the amount of mast cells as well as the release of granules from the mast cells. It levels the lypolise and improves the membrane function (in fatcells). In addition, it is a strong antioxidant that improves metabolism and has an anti-inflammatory effect. The NBE Cellulite serum shows very good results in the short term.

NANNIC NBE **FAT REDUCTION** 150 ml

NBE Fat Reduction stimulates natural lipolysis and converts fat into energy. As a result, fat burns like it does during vigorous exercise. This counteracts the formation of new fat in the fatty cells. NBE Fat Reduction has a strong detoxifying effect and strengthens the connective tissue.

NANNIC NBE **STRETCH MARKS** 100 ml

NBE Striae greatly increases the production of collagen in the skin, improves elasticity and the connective tissue, and stimulates cicatrisation. It also works very well for deep wrinkles. Can be used as a preventive treatment as well.

NANNIC NBE **IMPURE SKIN** 100ml

NBE Impure Skin restores connective tissue (elastin & collagen), prevents scarring, levels bacterial flora, balances sebum secretion, cleanses deep into the pores and prevents the forming of permanent scar tissue.

NANNIC NBE **HYPERPIGMENTATION** 100ml

NBE Hyperpigmentation inhibits the trigger that activates the pigment cell, reduces tyrosinase action in the cell, inhibits the distribution of the melanosomes to the keratinocytes and has a strong reducing effect on free radicals and ROS (reactive oxidative specimen). NBE Hyperpigmentation has a balancing effect on age spots, post-inflammatory hyperpigmentation and melasma.

NANNIC NBE **BASE** 150ml

NBE Base is a highly moisturising lamellar base that balances the protective skin barrier and prevents TEWL (trans epidermal water loss).

All NANNIC NBE treatment serums can be used together for optimal results and are suitable for all skin types and skin problems.

NANNIC NBE **PROBIOTIC ACTIVATOR** 10 x 1ml

NBE Probiotic Activator is enriched with probiotic bifidobacteria, a biotechnologically active ingredient that specifically supports the skin's defence mechanism and self-healing properties, thus preventing premature ageing.

NBE Probiotic Activator enhances the energy transfer of the NBE treatment and allows for smooth application during treatment.

NANNIC **WHITE WILLOW BARK PEELING MASK** 500 ml

A gentle keratolytic peel that prepares the skin for a Nannic NBE treatment. In addition to an exfoliating effect, it reduces free radicals and has a beneficial effect on acne.

NANNIC **HEPTA-PEPTIDE MASSAGE COMPLEX WITH ARNICA** 300 ml

A highly innovative massage gel that spreads gently and almost endlessly while the added active ingredients strengthen and rejuvenate the skin. This unique formula was designed with a patented cyclic lipopeptide that contains no less than 7 different amino acids. This complex containing strong anti-ageing and skin-soothing properties strengthens the skin barrier, restores moisture balance, improves elasticity, supports cellular regeneration and suppresses redness and irritation. It is also an outstanding manual massage cream.

NANNIC **BIO-ENERGY MASSAGE CREAM WITH INDICA** 500 ml

A non-lamellar emulsion made up of Olus oil. This emulsion remains stable and spreadable for a long time during a hyperthermal body treatment. Nannic Bio-Energy Massage Cream is rich in omega 6, has a moisture-regulating effect and can be used for all skin types. Is also an outstanding manual massage cream.

NANNIC NBE **TOOL CLEANER** 250 ml

A lotion that cleanses and disinfects the salon's working materials. Nannic Tool Cleaner contains no corrosive ingredients and, in addition to proper microbial cleaning, also offers protection to the NBE handheld devices and cases. This product can also be used for cleaning worktops, seats, instruments, etc.

NANNIC

NBE EXCELLENCE PROFESSIONAL SERUMS

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

The basis of the professional EXCELLENCE products contains a blend of liquid crystals made up of generous amounts of phospholipids with a cell-identical basis. It is ideal for professional Nannic Deep Skin and/or Nannic NBE treatments. The generous amount of active ingredients guarantees optimal functionality in the deeper layers of the skin.

NANNIC EXCELLENCE PROF ATP SERUM 100ML

Life energy: actively transmits ATP (energy) to the cells to make them firmer, more elastic and resilient, resulting in the skin regaining its youthful appearance.

- Provides the skin with energy
- Protects against contamination
- Prevents cell stress
- Protects DNA
- Reduces wrinkles
- Reduces rough skin
- Improves elasticity
- Moisturises
- Levels the micro-relief
- Restores skin tone
- Powerful anti-aging treatment

NANNIC EXCELLENCE PROF GSH SERUM 100ML

Unique intracellular defence: provides glutathione as a supplement to the cells. Stimulates collagen and increases elasticity, resulting in delicate contours.

- Helps control free radicals
- Prevents dehydration
- Protects against UV damage
- Reduces wrinkles
- Reduces rough skin
- Improves elasticity
- Moisturises
- Reduces redness
- Keeps inflammation under control
- Improves energy levels
- Stimulates collagen

NANNIC EXCELLENCE PROF EXT CREAM 100ml

Exceptionally hydrating. Excellence EXT increases skin hydration by up to 200%. All biological functions are thereby optimised, benefiting all skin layers and their specific functions.

- 200% moisture enhancement
- Fast and long-lasting hydration
- Prevents flaking
- Repairs UV damage
- Reduces wrinkles
- Reduces rough skin
- Improves elasticity
- Improves firmness
- Protects against infrared
- Promotes cell division
- Keeps skin stress under control

NANNIC

NBE PEEL OFF ALGINATE MASKS

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

A final 'peel-off' algae mask based on alginate and enriched with active substances. These masks are naturally bio-organic and contain no preservatives.

NANNIC PEEL OFF ALGAE MASK ANTI-STRESS 500 g

A certified organic mask that effectively reduces free radicals. Softens, soothes and relaxes the skin. Protects epidermal cells from oxidative stress. Reduces glycation and UV damage.

NANNIC PEEL OFF AGAE MASK ANTI-WRINKLE 500 g

Contains a hexapeptide that slows the contraction of the small mimic muscles so that wrinkles fade. Promotes collagen synthesis. Rich in potassium and magnesium, intercepting free radicals and rendering them harmless. Sensitively improves the moisture balance from the first application.

NANNIC PEEL OFF ULTRA MOISTRURIZING MASK - with Aloe Vera 500 g

The NANNIC Ultra Moisturizing Peel-Off Mask is composed of natural, plant-based ingredients. It quickly and efficiently restores the skin's moisture balance. It is pH neutral and contains 0% phthalates, 0% gluten, 0% crystalline Silica and 0% preservatives. Dermatological tests show a 30% improvement in the hydration of the stratum granulosum and the epidermis. Highly suitable for the most sensitive and extremely dry skin.

NANNIC PEEL OFF PURIFYING MASK - with Bixa Orellana 500 g

The NANNIC Purifying Peel-Off Mask quickly removes impurities, regulates sebum production, shrinks pores and inhibits the virulence of P. acnes. It is pH neutral and contains 0% phthalates, 0% gluten, 0% crystalline silica and 0% preservatives. Suitable for all skin types, even the most sensitive ones.

NANNIC DEEP SKIN

A safe 'triple' concept with exceptional results for **active skin rejuvenation** and **skin improvement**. Nannic NBE Deep Skin combines a new generation mechanical dermabrasion with a safe and revolutionary infusion concept. This innovative micro-channeling technology does not damage the skin and provides visible results from the very first treatment.

NANNIC DEEP SKIN

THE LATEST GENERATION OF MICRO CHANNELING

NBE Deep Skin is a revolutionary device with 3 unique handheld devices: Ablator, Infuser and Corrector. During a first exfoliation, the Ablator removes all dead skin cells so that further skin treatment is more effective. The Ablator stimulates the skin's natural defence mechanism, resulting in faster skin regeneration, fading wrinkles and a refined skin appearance. The Infuser and Corrector provide the skin with microchannels without damaging the skin. This allows the specially developed Nannic Deep Skin serums to penetrate deep into the skin. The growth of new cells is stimulated and the aging process of the skin slows down, resulting in a long-term improvement of the skin.

The activation of the skin's self-healing powers enables active, visible and sustainable skin rejuvenation and skin improvement.

SKIN REJUVENATION:

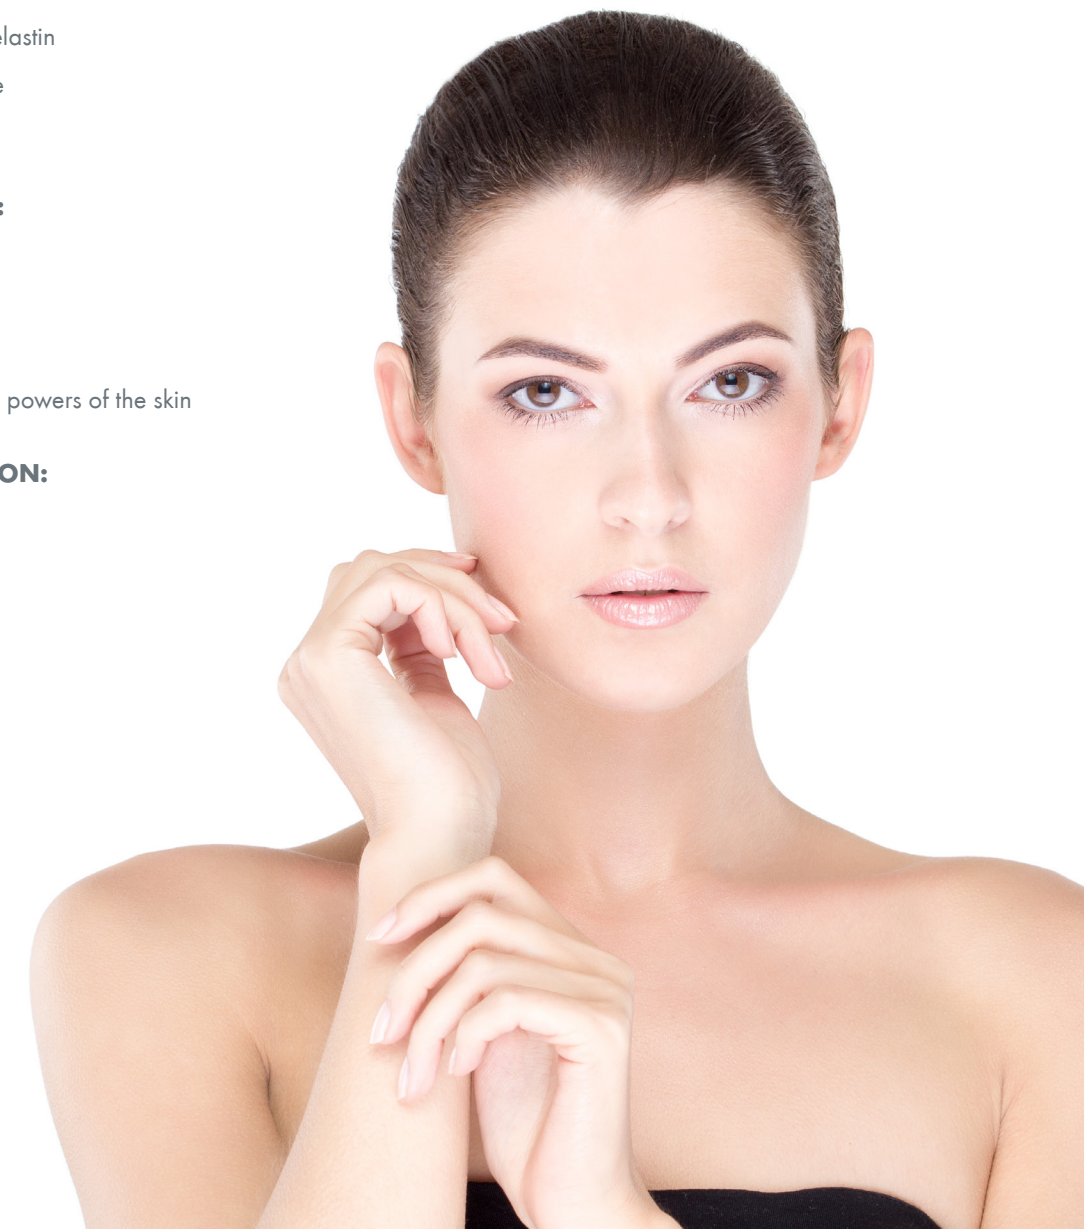

- Reduces wrinkles
- Improves elasticity
- Stimulates collagen and elastin
- Restores moisture balance
- Stimulates cell growth

SKIN IMPROVEMENT:

- Refines pores
- Makes the skin smooth
- Brightens skin tone
- Stimulates the self-healing powers of the skin

WORKS EFFECTIVELY ON:

- Impure skin
- Acne and acne scars
- Pigmentation
- Redness
- Stretch marks

RESULTS

after 1 treatment

3 UNIQUE TREATMENT TOOLS

NANNIC NBE DS ABLATOR

This mechanical dermabrasion removes the dead skin cells and stimulates the skin's natural defence mechanism.

The NBE Ablator uses individually sterile packaged 'crowns'. The cornified cell layer is peeled off by a high-speed rotating movement. The stem cells in the waiting phase on the basal membrane are prompted to divide, leading to faster skin regeneration, fading wrinkles and a refined skin appearance.

NANNIC NBE DS INFUSER

NBE DS Infuser uses individual sterile packaged 'stimulators'. Almost all cellular commands related to the skin are triggered in the epidermis. The epidermis acts as a 'communicator' between the outside world and our bodies. The infuser provides the cornified layer with microchannels up to high speeds (up to 70,000/minute depending on the skin type).

As a result, the active ingredients of the Nannic Deep Skin serums are readily channeled into the skin to the right depth. The skin's repair process is activated and the various intra-cellular signalling substances are released. The result? The dormant cells are prompted to divide, and collagen and elastin production are stimulated.

We use the Deep Skin Infuser to focus on the epidermis, which contains all the communicators to permanently rejuvenate the skin without damaging it. Respect for human metabolism is the key word here.

The action of the Nannic Deep Skin Infuser focuses on the following cells:

- in the epidermis: keratinocytes, melanocytes, basal cells and Langerhans cells.
- in the dermis: indirect papillary and reticular fibroblasts.

The result:

- the epidermis is supplied with sufficient moisture so that the body's own enzymes can work to full effect.
- in the dermis, the production of collagen, hyaluron, elastin and glucosaminoglycans is stimulated.

NANNIC NBE DS CORRECTOR

We use the Corrector to accurately target, for example, deep wrinkles, crow's feet, acne scars, small wrinkles near the mouth, etc.

USE WITH NANNIC NBE 3000 FOR EVEN MORE AMAZING RESULTS

NANNIC

NANNIC NBE DS ACTIVE TREATMENT SERUM

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

Five highly concentrated serums were developed especially for the **NANNIC NBE DEEP SKIN INFUSER**, which are delivered into the deeper epidermis through the micro-channels.

NANNIC **DS ANTI-AGEING** 100ml

Protects natural growth factors. This serum contains a hexapeptide that, like Botulinum toxin, acts on the nerve stimulus that stimulates the muscle. This slows muscle activity. In addition, tripeptides stimulate the growth of collagen, elastin and glucosaminoglycans. Fine wrinkles disappear and deep wrinkles fade.

NANNIC **DS HYALURONIC WRINKLE FILLER** 30ml

The Nannic DS Hyaluronic Wrinkle Filler consists of a lamellar base with a high concentration of encapsulated hyaluronic acid. Encapsulated hyaluronic acid penetrates the skin more easily and only begins to swell as soon as it comes into contact with the body's own fluids, causing wrinkles to fade and disappear.

NANNIC **DS HYPERPIGMENTATION** 30ml

Inhibits the command that activates the pigment cell, thereby reducing the tyrosinase action in the cell. Curbs the distribution of the melanosomes to the keratinocytes. The number of free radicals and ROS (reactive oxidative specimen) decrease sharply. It has a balancing effect on age spots, post-inflammatory hyperpigmentation and melasma, without cytotoxic effects.

NANNIC **DS REDNESS** 30ml

Vascular walls suffer greatly under the influence of various stress-factors, such as the sun, cold, wind, mechanical stress, etc. As a result, the extracellular matrix relaxes, causing the capillaries to weaken as well. As a counter-reaction, new capillaries form to balance the oxygen supply via the red blood cells. Nannic DS Redness protects the extracellular matrix and prevents this neo-vascularisation with the help of a rich cocktail of essential active ingredients.

NANNIC **DS SCARS** 30ml

Treats connective tissue damage such as scars and stretch marks. This serum contains the amino acid "Proline" which is one of the elementary building blocks for the production of healthy connective tissue (collagen, elastin, glucosaminoglycans). Proline is highly suitable for healing of wounds and counteracts the degeneration of the connective tissue.

NANNIC **DS PRE INFUSER LOTION** 250ml

A lotion that thoroughly cleanses the skin and prevents inflammation. Always apply before using the Deep Skin Infuser.

NANNIC **DS PROFESSIONAL BARRIER EPITHELIUM+** 5 ml • 15 ml • 150 ml

The Deep Skin Ablator peels away a section of the epidermis, which is perceived by the skin as invasive. Nannic DS Barrier Epithelium+ contains Copper tri-peptide (GHK-Cu), which stimulates healing of wounds and activates collagen growth. It acts on the epidermal stem cells in the basal layer, thereby boosting tissue repair.

Complete each treatment with Nannic Professional Barrier Epithelium+ for a well-protected skin.

- Stimulates cell division and collagen synthesis
- Soothes the skin and reduces redness
- Prevents scarring
- Has an anti-inflammatory effect
- Improves skin elasticity
- Diminishes small and deep wrinkles
- Improves complexion
- Supports the skin's self-healing mechanism
- Prevents oxidative stress in the tissues

AT NANNIC WE WORK DIFFERENTLY

- Belgian development and manufacturing
- Exclusive formulations that truly make you feel and see the difference
- Individual and personal support
- Without mandatory starter packs
- No mandatory minimum purchase per month
- No sales via bol.com, amazon, online pharmacies, etc.

"Nannic really took my business to the next level!"

Ellen from Beauty Elle beauty institute

"It is also thanks to Nannic that I am where I am now. They literally help you grow through their knowledge and their support... It's good to know that you are working with a company that can do the maths."

Elieen from Purelien Beauty Institute

"Nannic fully meets my expectations in that their products and treatments are respectful of the skin, give immediate and long-lasting results and convince even the most sceptical and demanding customers."

Patsy from Bioline Beauty Institute

"There are 3 things in my life that matter most to me. Flamingos, my love and Nannic!"

Kelly from beauty institute Aesthetics K.

SPECIFICALLY DEVELOPED PRODUCTS FOR HOME USE

Nannic is a total concept that has a full range of sales products for home use in addition to professional salon treatments.

The advanced skincare products boast a special formulation with a cell-identical base and also contain a maximum concentration of versatile active ingredients.

The synergy action ensures optimal skin improvement.

Using a combination of Nannic NBE professional treatments and Nannic products for home use ensures visible, optimal and long-lasting results.

SUITABLE FOR ANY SKIN TYPE AND ANY SKIN PROBLEM

- Cleansing Care
- Facial Care Innovations
- Prebiotic Skin Care
- Excellence Luxury Skin Care
- Body Care Innovations
- Walking Hand Spa
- Hair, Scalp & Roots

NANNIC CLEANSING & TONING

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

NANNIC **EYE MAKE-UP REMOVER** 150ml

Effectively removes eye makeup, and is completely natural, ultra mild, non-greasy and contains no preservatives. Suitable for all skin types, even the most sensitive ones.

NANNIC **MAKEUP REMOVER GEL** 50 ml • 150 ml

This gentle gel-to-milk formula quickly and thoroughly removes makeup without affecting the skin's hydrolipidic film. Leaves skin feeling clean, fresh and velvety. Suitable for all skin types, even the most sensitive ones.

NANNIC **PURE ACTIVE CLEANSING** 50 ml • 150 ml

This prebiotic facial cleanser respects the pH and biological barrier of the skin. Removes excess sebum and impurities without drying out the skin. Suitable for all skin types, even the most sensitive ones.

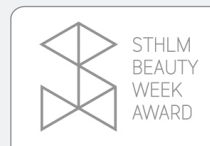

NANNIC **PORE TREAT LOTION** 50ml • 250ml

Controls the skin's moisture balance, balances sebum secretion, cleanses and tightens the pores. Also prevents the formation of comedones, acne and hyperpigmentation. Suitable for all skin types, even the most sensitive ones.

NANNIC **WHITE WILLOW BARK PEELING MASK** 30 ml • 150 ml

Gentle keratolytic peel with anti-inflammatory properties. Removes old and dead skin cells, refines the skin, purifies pores, reduces free radicals and has a beneficial effect on acne. Suitable for all skin types, even the most sensitive ones.

NANNIC **SILKY SMOOTH EXFOLIANT** 50 ml • 200 ml

Stockholm beauty week
BEST SCRUB

Exceptionally efficient, yet ultra-soft scrub with skin-enhancing properties. This eco-friendly gel-to-milk formula contains round spherical scrub particles that are biodegradable and do not cause redness or skin damage. Suitable for all skin types, even the most sensitive ones.

NANNIC **TERRACOTTA CLAY MASK** 50ml • 200ml

This highly purifying and nourishing mask, containing red and white clay, has an anti-inflammatory and antimicrobial effect. Regulates sebum production without drying out the skin, refines the skin appearance, soothes irritated skin and creates a beautiful, even complexion. Suitable for all skin types, even the most sensitive ones.

NANNIC **PHYTOACTIVE SCRUB** 50ml • 200ml

Eco-friendly and gentle cleansing scrub containing natural exfoliating particles of palmivory. Removes dead skin cells, stimulates cell regeneration and prevents moisture loss. The skin immediately feels smooth, clean and hydrated. Suitable for all skin types, even the most sensitive ones.

NANNIC FACIAL CARE INNOVATIONS ACTIVE SERUMS

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

NANNIC **ANTI-WRINKLE SET** 2x15 ml

Two revolutionary anti-ageing serums for the eye contour. The interaction between the day and night serum provides a result-oriented and visible treatment against wrinkles, dark circles, puffiness and tired eyes. Restores cellular structure and makes the skin smooth. Suitable for all skin types, even the most sensitive ones.

NANNIC **AGE REVERSE** 15 ml • 30 ml

Active serum with a powerful, cosmetic lifting effect thanks to innovative hyaluronic micro-caps technology. Pushes out wrinkles from the inside out, providing long-lasting, intense hydration and improving skin firmness. Suitable for all skin types, even the most sensitive ones.

NANNIC **ANTI-REDNESS** 30ml

This highly concentrated bioactive formula is particularly effective against redness, fluid buildup, dark circles around the eyes and broken veins. The added extracts have anti-inflammatory properties and intercept free radicals. Suitable for all skin types, even the most sensitive ones.

NANNIC **INSTANT FLIGHT PROTECTION** 15ML

Prevents dry, dehydrated skin and bags under the eyes. Controls the moisture balance, keeps collagen and elastin in optimal condition and prevents expansion of the small capillaries. Suitable for all skin types, even the most sensitive ones.

NANNIC **EPITHELIUM+** 15 ml

Highly restorative formula for damaged and stressed skin. Epithelium+ with copper tripeptide acts on the epidermal stem cells in the basal layer, thereby boosting tissue repair. Suitable for all skin types, even the most sensitive ones.

NANNIC FACIAL CARE INNOVATIONS SERUM-IN-CREAM

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

NANNIC AGE CONTROL

NORMAL / MIXED SKIN 15 ml • 50 ml

Corrects visible signs of skin ageing, such as sagging facial contours, wrinkles, enlarged pores and uneven complexion. Wrinkles fade and the skin regains its firmness and resilience.

NANNIC AGE CONTROL

DRY / SENSITIVE SKIN 15 ml • 50 ml

This lamellar base with cell-identical components activates the production of collagen, elastin and endogenous hyaluronic acid while protecting the growth factors. The skin regains its youthfulness, wrinkles fade, the complexion becomes clearer and radiates health.

NANNIC AGE CONTROL

OILY / IMPURE SKIN 15ml • 50ml

This highly concentrated, skin-balancing formula cleanses and refines dilated pores, regulates sebum production, reduces impurities, has a mattifying effect, evens out the skin and keeps inflammation under control. Visibly corrects the signs of ageing skin and keeps skin looking young and healthy.

NANNIC AGE CONTROL

COLLAGEN BOOST DAY & NIGHT REPAIR 15 ml • 50 ml

This highly concentrated, restorative day and night care with active peptides effectively reduces wrinkles and fine lines and provides deep skin hydration. Increases the amount of collagen for a firm and supple skin appearance. Reduces the deepening of expression wrinkles, repairs UV damage and leaves the skin with a healthy complexion.

NANNIC FACIAL CARE INNOVATIONS

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

NANNIC RECOVERING & CALMING MASK

200ML Quickly restores dry, dehydrated, irritated, red and stressed skin. It is especially recommended for UV and/or pollution damage. Brings the skin's moisture and barrier function back into balance. Suitable for all skin types, even the most sensitive ones.

NANNIC UV SHIELD

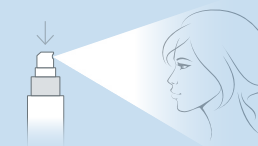

50 ml

Best specialised facial skincare product

Refreshing UV spray that prevents premature skin ageing. Protects against UV-B, UV-A, infrared, blue light, free radicals and pollution. The UV filters are encapsulated in transparent microcapsules. This is why UV-Shield is the healthiest UV protection for the human metabolism. It is a must have for anyone, anywhere, anytime.

YOUR DAILY PROTECTION

NANNIC INTENSE LIP REPAIR

Unisex – Cool – Warm – Pink

Full spectrum lip care product for fuller and healthier lips. Improves shape and lip contour, reduces fine lines and wrinkles, and softens lips. The lipids that are present nourish and protect the lips from drying out, while the added tripeptide slightly increases lip volume.

NANNIC STRATUM SYMBIOSUM® PREBIOTIC SKINCARE INNOVATIONS

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

NANNIC PREBIOTIC PORE CARE CLEANSER 150ml

This foam-free cleanser refines pores, removes impurities and excess sebum, resulting in an instant mattifying and refreshing action. The skin starts to feel clean and velvety at once. Suitable for all skin types, even the most sensitive ones.

NANNIC PREBIOTIC HYALURONIC & AGAVE TONER 50ml

This toner restores vital hydration, stimulates the natural production of hyaluronic acid and prevents atrophy of the skin. Boosts the skin barrier, evens out the complexion and ensures a healthy 'glow'. Suitable for all skin types, even the most sensitive ones.

NANNIC PREBIOTIC PORE REFINER SERUM 30ml

This powerful antioxidant, which is even stronger than vitamin C, reduces hyperpigmentation, increases collagen production, protects DNA and softens acne scars. Visibly refines pores in just 1 week, improves elasticity and skin texture, provides a beautiful complexion and neutralises redness.

NANNIC PREBIOTIC VITAMIN D SERUM 30 ml

A highly concentrated serum of pluripotent stem cells that promote the skin's natural protective mechanism. The carefully selected stem cells increase the production of vitamin D absorption, are extremely moisturising, offer a filler-like effect, prevent redness and provide a delicate 'glow'.

NANNIC PREBIOTIC STEM CELL RECOVERY SERUM 30ml

This highly concentrated serum of pluripotent stem cells increases cellular energy, counteracts cellular ageing and improves the health and functioning of the epidermal and dermal cells. This highly innovative anti-wrinkle serum tightens the skin, prevents sagging of the skin, reduces imperfections and prevents bags under the eyes.

NANNIC PREBIOTIC
MULTI-LAYER HYALURON CREAM 50ML
DRY / SENSITIVE SKIN - NORMAL / MIXED SKIN
This prebiotic anti-wrinkle complex guarantees intense hydration and a wide range of skin-enhancing activities in all layers of the epidermis for active improvement of the skin barrier, fewer wrinkles and beautiful even skin. It prevents shiny skin too.

NANNIC PREBIOTIC
MOISTURIZING BODY LOTION 200ML
This nourishing and intensely moisturising body lotion instantly restores dry and stressed skin, provides powerful and long-lasting hydration, a healthy 'glow' and leaves the skin velvety soft.

NANNIC EXCELLENCE AWARD-WINNING SKINCARE INNOVATIONS

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

NANNIC EXCELLENCE ENERGIZE ATP SERUM

30 ml
Powerful anti-ageing treatment that stimulates ATP energy in the cells, making the skin firmer, more elastic and resilient. Protects against pollution and combats premature skin ageing, hyper- or depigmentation and black and white dots. Protects the DNA function and significantly enhances skin hydration.

NANNIC EXCELLENCE DEFENCE GSH SERUM

30 ml
Stimulates the skin's natural GSH tripeptides to strengthen its defence mechanism. Significantly reduces wrinkles, tightens facial contours and improves complexion. Soothes tense skin and red spots. Controls moisture balance and improves the skin's elasticity, softness and suppleness.

NANNIC EXCELLENCE ULTRA MOISTURE EXT CREAM

50 ml
A highly hydrating cream that combats premature skin ageing, visibly repairs existing signs of skin ageing and ensures a beautiful and healthy appearance. Skin hydration improves by 200%. This cream assists the effects of Excellence ATP Energize and GSH Defence through a unique cellular communication system.

NANNIC EXCELLENCE COUP D'EXCELLENCE DNA ELIXIR

15 ml
A potent, highly concentrated skin booster with coup d 'éclat effect that rejuvenates, lifts and mattifies the skin. Visibly improves the skin's moisture balance, protects DNA, reduces wrinkles, refines skin texture and prevents premature skin ageing. Suitable for all skin types, even the most sensitive ones.

NANNIC EXCELLENCE DUAL FORCES

Contains:
Coup d'Excellence DNA • 15 ml
Excellence Ultra Moisture EXT Cream • 50ml

NANNIC EXCELLENCE LUXURY COMPLETE KIT

Contains:
NANNIC Excellence ATP serum • 30 ml
NANNIC Excellence GSH serum • 30ml
NANNIC Excellence EXT serum • 50 ml

These high-end products contain all your skin needs to bring it back into balance and prevent premature skin ageing.

NANNIC • BODY CARE INNOVATIONS

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

NANNIC **NOURISHING CLEANSING FOAM** 150ML
Soft and efficient, sulphate-free cleansing foam that cleanses, protects and moisturises the hands. Enriched with active ingredients that support the regeneration of the skin barrier and protect the skin from a variety of stresses.

NANNIC **ULTRA REPAIRING HAND SERUM** 30 ml
Restore the skin of your hands to optimal condition fast with this extremely nourishing and restorative serum. A high-end formula packed with powerful active ingredients that restores the skin barrier without leaving a greasy feeling. Genuine anti-aging for your hands.

NANNIC **WALKING HAND SPA**
Contains:
Nourishing Cleansing Foam • 150ml
Ultra Repairing Hand Serum • 30ml
Biodegradable gloves • 10 pieces

NANNIC **HAND & FOOT FAST SKIN REPAIR** 15 ml • 50 ml
Highly effective for treatment of dry, rough, cracked skin and calluses on hands, feet, elbows, knees, etc. This nourishing and restorative cream restores moisture balance by 90% in just 14 days. Absorbs quickly, is non-sticky to the touch and leaves the skin feeling silky smooth.

NANNIC **SLIM & FIRM** 150 ml
This multi-complex serum literally puts fat cells on a diet. A highly efficient treatment for actively displacing fat (deposits) and cellulite. Reduces visible signs of cellulite, improves skin firmness and decreases the contour of buttocks, thighs, abdomen and arms.

NANNIC HAIR, SCALP & ROOTS INNOVATIONS

BIO ACTIVE FORMULA

Clinically proven active ingredients – dermatologically tested

Best hair care products

Best innovation in hair care

NANNIC HSR **SHAMPOO DAMAGE REPAIR** 50 ml • 150 ml
A genuine age control shampoo that cleanses, restores and gives volume to the hair. Rich in pea proteins, vitamins and peptides that provide more elasticity and a healthy, beautiful shine. Contains a strong antioxidant, protects against pollution, repairs UV damage and prevents damage caused by styling.

NANNIC HSR **SHAMPOO VITALITY BOOST** 50 ml • 150 ml
Particularly gentle and moisturising age control shampoo that leaves the hair antistatic and easy to comb through. Rich in vitamins and micro-proteins that penetrate deep into the hair sheath to restore hair from the inside out. It adds volume and shine to the hair and contains a strong antioxidant that protects against pollution and UV damage.

NANNIC HSR **CONDITIONER KERATIN BOOST** 50 ml • 150 ml
Particularly effective age control conditioner that provides the hair with shine, resilience and volume. It provides the hair with keratin that penetrates deep into the hair fibres. Makes hair easy to comb through and from protects against heat damage caused by styling (tested at 200 °C). Keeps colour-treated hair looking vibrant for longer.

NANNIC HSR **CARING SPRAY** 50ml - 150ml
A nourishing spray and protein treatment in one. This wonderfully scented spray lotion makes the hair easier to comb through and provides volume and shape.

Reduces the mechanical stress caused by combing and brushing. Provides a beautiful shine and a light fixation.

NANNIC HSR **LOTIONS DAY & NIGHT CARE** 2x 50 ml • 2x 150 ml
Day Care: daily care for healthy and strong hair. Revitalises and stimulates the scalp and roots to reduce hair loss. Prevents premature ageing of the hair from the root. Improves moisture retention for visibly thicker and more voluminous hair while giving the hair a more intense colour. Night Care: daily night care for healthy and strong hair. Promotes healthy hair growth and makes hair stronger. Provides energy and vitality to thinning hair, balances hair growth and regulates sebum production, allowing for healthy hair growth.

NANNIC HSR **INTRODUCTION KIT**
Contains:
HSR Shampoo Damage Repair • 150ml
HSR Shampoo Vitality Boost • 150ml
HSR Conditioner Keratin Boost • 150ml
HSR Caring Spray • 150ml
HSR Day & Night Lotions • 2x 150ml

Everything you need for stronger, fuller, healthier and more beautiful hair.

Also available in travel size pack • 6x 50 ml and 4x 50 ml

RESULTS

MADE IN BELGIUM

A passion for science and understanding of the skin: founder René Nagels brings them together in NANNIC. Along with his wife Tine Janssens and their team, they **have been developing ground-breaking products and treatments for the skin for over twenty years.**

NANNIC develops skin care methods based on a clear philosophy: **driven by science and in symbiosis with the skin.** Because our skin is intelligent and knows what she needs. We support her with scientifically substantiated formulas and with treatments that provide the right nutrients in the right place.

We collaborate with **experts and research centres from around the world.** We develop and manufacture our care products in Belgium, in Heist-op-den-Berg. You can now find NANNIC in more than 17 countries. We therefore welcome the global recognition that confirms the efficacy of our formulas.
